SANTA CATERINA, AMALFI

A few minutes from Amalfi, at one of the most picturesque locations on the coast, the Hotel Santa Caterina is built high above the sea within a huge estate that drops down to the water in a series of spectacular natural terraces. Two lifts carved out of the rock carry guests down to the beach, or they can stroll down a stunning path through citrus groves and luxuriant gardens to the seaside facilities, which include a sea-water swimming pool, solarium, fitness centre, café/bar and open-air restaurant. The main building hosts 36 rooms and 13 suites, and there are seventeen more with the Garden Suites and the Villa Santa Caterina and Villa il Rosso in the gardens. New chef Giuseppe Stanzione is responsible for the gastronomic offer – breakfast, snacks, a bistro, the elegant Ristorante Glicine with a view of the bay, and a more refined, personal menu at the Ristorante Al Mare. This is now open for lunch and dinner, with simpler, more traditional and predominantly seafood dishes, so the Hotel Santa Caterina's two scenic restaurants are both open in the evening.
